4. To consider the following resolution and RESOLVE accordingly:

“This Town Meeting condemns the identification of the former LEC factory site on Shripney Road and the prospect of this area being used as a widespread waste treatment site which could include incineration and landfill. This meeting believes the risk of contamination, the extra pollution and large number of extra large vehicles this will bring to this section of town will have an extremely detrimental effect on the quality of life for the whole of the town of Bognor Regis and particularly for those who live in the immediate area. Furthermore, it believes that a more suitable economic use could be made of this site and calls upon Arun District Council, West Sussex County Council and Bognor Regis Town Council to work together to find an alternative suitable purpose for the sake of the regeneration and future economic development of our Town.”
