

Safer West Sussex Partnership Survey 2018

Overview

The Safer West Sussex Partnership (SWSP) brings together Community Safety Partnerships (CSPs), along with other key agencies, to provide a coordinated approach to reducing crime and anti-social behaviour in West Sussex.

The partnership has 6 key priorities that have been chosen through a combination of evidence from the Strategic Intelligence Assessment (SIA) and other relevant local profiles, legislative requirements from National Government and feedback from partner agencies regarding the threats and risks that they have identified in the last 12 months.

The priorities (in no particular order) are;

Child Sexual Exploitation (CSE)

PREVENT

Serious and Organised Crime (SOC)

Domestic and Sexual Abuse

Drugs and Alcohol

Modern Slavery

We are asking residents for their understanding, experiences and access to support and information around some of these priorities, in order that we can target activity where gaps may exist.

More information on the SWSP priorities can be found at www.westsussex.gov.uk/fire-emergencies-and-crime/crime-prevention/the-safer-west-sussex-partnership-swsp/

The survey should take about 15 to 20 minutes to complete and should be returned to West Sussex County Council, Community Safety and Wellbeing, Room 237, Second Floor, East Wing, County Hall, West Street, Chichester, PO19 1RQ by Sunday 10th June 2018.

Data Protection/Privacy statement

The Community Safety and Wellbeing Team will use this survey to collect personal data in order to comply with its legal obligations and to carry out a task in the public interest. The data will be processed in accordance with the Data Protection Act 1998, and any subsequent or replacement legislation, including the General Data Protection Regulations. The data we collect will be shared with other internal West Sussex County Council officers and other partners that form the Safer West Sussex Partnership (further details of which can be found at www.westsussex.gov.uk/fire-emergencies-and-crime/crime-prevention/the-safer-west-sussex-partnership-swsp/). The data will be analysed by the Community Safety and Wellbeing team.

Personal data will not be retained for longer than necessary in relation to the purposes for which it is being collected. The data will be held securely on computer for a period of 1 year before being appropriately destroyed. West Sussex County Council is registered as Data Controller (Reg. No. Z6413427). For further details and information about our Data Controller, please see www.westsussex.gov.uk/privacy-policy. Child Sexual Exploitation (CSE)

Child sexual exploitation (CSE) is a type of sexual abuse. Children in exploitative situations and relationships receive something such as gifts, money or affection as a result of performing sexual activities or others performing sexual activities on them.

Children or young people may be tricked into believing they're in a loving, consensual relationship. They might be invited to parties and given drugs and alcohol. They may also be groomed and exploited online.

Prevent

As a local authority we have a responsibility under the Government's Prevent Duty to prevent people from being drawn into or supporting terrorism. Therefore, our work on 'Prevent' addresses radicalisation to all forms of terrorism, such as that inspired by extreme versions of faith, animal rights extremism, and both the extreme right and extreme left wing. Our work under the Prevent Duty also considers non-violent extremism as it can popularise views that terrorists are able to exploit.

Cuckooing

Criminal gangs targeting the homes of vulnerable people in order to deal drugs from them – this process is known as cuckooing and victims are usually left with no choice but to cooperate. Dealers often approach a vulnerable person, offering them free drugs in exchange for use of their home for dealing. In some instances they provide the vulnerable person with free drugs and then force them to deal for them in order to repay their drug debts. These criminals are selective about who they target. Cuckooing means the criminals can operate from a property rather than the street, which is out of sight making it a more attractive option. The criminals can then use the property to deal drugs from, usually only staying for a short period of time.

Modern Slavery

Modern Slavery includes circumstances where victims are forced or compelled to work via threats or harmful consequences and can include domestic servitude. It can also include the exploitation of workers who, perhaps because of their origins or circumstances, appear to work willingly. Modern Slavery also includes Human Trafficking, where victims are recruited, their travel from A to B is facilitated by coercion or deception in order that they can be exploited sexually, by work or to commit crime. Although human trafficking often involves an international cross-border element, it is also possible to be a victim of modern slavery within your own country.

About You

Why do we ask 'about you' questions?

We want to make sure that everyone is treated fairly and equally. You do not have to answer these 'About You' questions, but it would greatly help us if you do as we collect this data as part of our day to day business to help us improve our services.

How does this information help?

* It helps us make sure that we are seeking the views of everyone in society.

* By understanding more about the make-up of the communities in the County, we can make better decisions about how to provide accessible information and appropriate services to everyone. This information can also help us to see where there may be gaps.

* The information you provide will also help us to meet our legal obligation under the 2010 Equalities Act.
